

Premier Venue, Premium Experience

Firestone Baars Chapel

Designed by renowned architect Eero Saarinen, this unique non-denominational chapel will accommodate up to 290 guests. The elegant space features beautiful stained glass, a piano and a pipe organ. The cost of renting the space is \$500, which includes a rehearsal time.

To prevent damage to the chapel's valuable and historic organ we suggest that you use one of the organists listed at right. These organists have specialized training and prior experience with our organ.

For more information and tips on wedding planning, join us on Facebook! Additional resources and tips are also available at www.theknot.com.
