

# THE ONE Partnership

DUAL ADMISSIONS TO MOBERLY AREA COMMUNITY COLLEGE AND STEPHENS COLLEGE

Together MACC and Stephens share an interest in providing MACC associate degree (AA/AS/AAT) enrollees who intend to pursue a bachelor's degree at Stephens the opportunity to enjoy a diverse, four-year college experience while taking advantage of MACC's affordability. MACCStephens helps students to:

Develop a flexible educational path for themselves

Understand which courses transfer and the requirements of their academic major

Access Stephens' unique programs and diverse educational opportunities

Maximize educational funding. All MACCStephens courses are charged at MACC tuition rates.

## FIVE STEPS TO GET YOU STARTED

### 1 Meet initial eligibility guidelines.

- ▶ First-time college students must have a minimum 18 ACT Composite **AND** 2.5 HS GPA.
- ▶ Current college students (who have already received a high school diploma) must be in good academic standing and have a minimum 2.5 college cumulative GPA on at least 12 credit hours of college-level credit.
- ▶ Exceptions may be made upon mutual agreement between MACC and Stephens College.
- ▶ Stephens College is an undergraduate residential women's college; therefore, dual admission is only open to women.

### 2 Apply to MACC as a degree-seeking student and enroll at MACC through standard procedures.

### 3 Apply to Stephens College.

Visit [stephens.edu/applyMaccStephens](http://stephens.edu/applyMaccStephens).

### 4 Enroll full-time in the MACCStephens program.

- ▶ Take 9-15 credit hours of coursework at MACC *and* 3-4 credit hours of coursework at and unique to Stephens.

*You'll pay for MACC tuition, fees and other institutional charges through MACC and pay for Stephens tuition, fees and other institutional charges through Stephens.*

- ▶ Eligible coursework will be determined by the academic advisers at each institution. Stephens courses should apply toward the major you intend to pursue once admitted as a degree-seeking student to Stephens.

### 5 And, of course, abide by all policies of MACC and Stephens.

## 3 STEPS TO CONTINUED SUCCESS

1

### Talk to your MACC adviser

at least once a semester to determine appropriate course enrollment for the upcoming semester.

2

### Continue to meet eligibility guidelines.

Students need to complete 24 credit hours, which includes at least 18 credit hours at MACC and 6 credit hours at SC within a 12-month period and maintain a 2.5 cumulative GPA at each institution.

The maximum number of semesters within the program is 4, excluding summer terms.

3

### Apply for transfer admission

after completing the program (or earlier if determined by the student and academic advisers). Supply copies of all required documents, including transcripts.

Note that most Stephens B.F.A. (3-year) programs require transferring after 3 semesters at MACC.

### About financial aid

Dual-admit students are pursuing their associate degree from MACC. That means they receive financial aid through their “home institution” (MACC). Dual-admit students will not receive aid through Stephens until they are ready to fully transfer and begin as degree-seeking students at Stephens. At the time of transfer, they will notify Stephens of their transfer and complete/update their FAFSA. Note that any Stephens College course fees are extra and charged at Stephens College rates.

### More benefits and opportunities

The MACCStephens Dual Enrollment program is one way Stephens and MACC are working together to strengthen educational opportunities across both campuses. See the benefits brochure or your adviser for more information. Highlights include: admission to Stephens events at the Stephens student price (often free of charge); opportunities to join Stephens students to study abroad; and honors program admittance for qualified students.

### Office of Admissions

Phone: (573) 876-7207

Fax: (573) 876-7237
