Assistant Professor Tenure Track
Health Sciences Program, School of Health Sciences

The School of Health Sciences invites applications for a nine-month, tenure track Assistant Professor of Health Sciences position. The successful candidate will have teaching, advising and service responsibilities to the undergraduate programs. Primary teaching responsibilities include, but are not limited to: Research Methods, Healthcare in the U.S., Healthcare Leadership, and Principles of Public Health, with the possibility of developing additional courses within one’s area of expertise.

Type: 9-month faculty position

Responsibilities:
1. Teach the equivalent of 12 credit hour per term (fall, spring)
2. Advise undergraduate students in the Health Sciences programs
3. Develop a research/scholarship agenda
4. Apply strong verbal/written communications skills
5. Collect and manage data to track performance outcomes
6. Demonstrate strong collaboration, team building and mediation skills
7. Assist with the continuous development, review, planning, outcomes evaluation and general effectiveness of the Health Sciences program
8. Participate in program meetings, college committees, and state and national professional organizations

Qualifications:
- PhD, in Health Promotion, Health Education or a closely related field
- Experience with innovative instructional strategies and technologies
- A demonstrated commitment to serving and supporting diverse student abilities and learning approaches
- Familiarity with the preparation of students pursuing graduate studies in professional health programs (e.g. Physician Assistant, Occupational Therapy, Physical Therapy, Chiropractic, or Medicine)

Qualifications Preferred:
Preference will be given to applicant with prior experience in pre-professional health education as well as demonstrated teaching experience in higher education.

Reports to: Dean, School of Health Sciences
